Crops & Points (Advanced Mode)

Crop	Turns	Points	Drought	Sun	Rain
Corn 🌽	2	3	80% grow (?)	Double (++)	Normal (+)
Carrot 🥕	3	6	No growth (X)	Normal (+)	Double (++)
Tomato 🍅	4	12	No growth (X)	Double (++)	Normal (+)
Lettuce 🥬	5	20	No growth (X)	Normal (+)	Double (++)
Blueberry 🍇	6	30	No growth (X)	Normal (+)	Double (++)

Weather Strategy

Drought (4/11 cards): Only corn survives (80% chance)

Sun (4/11 cards): Corn & Tomato thrive (double growth)

Rain (3/11 cards): Carrot, Lettuce & Blueberry thrive (double growth)

Advanced Mode Rules

- **Stale crops:** Unharvested ready crops = 25% points (7.5 for blueberry!)
- **Planting limit:** Max 2 crops per turn (screen shows "Planted:X/2")
- **Weather bag:** 11 cards total, refills when empty

Symbols

X = No growth | ? = 80% chance | + = Normal (-1 turn) | ++ = Double (-2 turns)

Strategy Tips

- **Plant corn** before drought/sun (survives drought, loves sun)
- **Plant tomato** before sun (double growth = 12 points in 2 turns!)
- **Plant carrot/lettuce/blueberry** before rain (blueberry + rain = 30 points in 4 turns!)
- **Harvest immediately** when ready (avoid 75% point loss from spoilage)
- **Track weather bag** - drought most common, rain rarest
